

LOST DOG

NAME: **SIMBA**

Simba is a 6 year old Shiba Inu, neutered male. His colors are mainly brown with black and white. He is 40 pounds so he's bigger than the average Shiba Inu and stands out a bit. He slipped out of his collar so he has no collar or tags on him.

Simba is a rescue dog and very afraid of people. He will probably run if you attempt to approach him. He is probably very hungry and may be lured with food.

He was last seen on July 3rd approximately 7:30pm in front of Valley Auto in Wilmerding PA.

If you see him, please contact Tracey immediately at **(412) 245-6278** and let me know where or contact your local animal shelter. **He is micro chipped.**
